

Changing The Screen Resolution

For Windows Vista users:

1. Open Display Settings by clicking the **Start** button , clicking **Control Panel**, clicking **Appearance and Personalization**, clicking **Personalization**, and then clicking **Display Settings**.
2. Under **Resolution**, move the slider to the resolution you want, and then click **Apply**.

For Windows XP users:

1. Go to Start Button/Settings/Control Panel.
2. Select Display
3. In the "Display Properties" window select the Settings tab.
4. Use the slider to select your desired resolution.
